

### Homework due 2<sup>nd</sup> May 2019

*Spellings:* antiseptic, anticlockwise, antisocial, antidote, antibiotic, antivenom, anti-ageing, antifreeze, antiperspirant and antigravity.

*Literacy:* if you could make anything, what would your invention be? Write a paragraph to describe it in detail (what it looks like, what it is made of, how it works, etc.)

*Maths:* write down three examples of continuous variables and three examples of discrete data.

Remember to keep practising times tables daily.

*Science:* what's your favourite animal? Draw a picture in which you can see their teeth. Look at the example:
