## **The Purpose of the Governing Body**

The primary purpose of the governing body is to ensure the quality of education provision and to act as the accountable body for the school. There are other ways in which the schools is held to account – through inspection, publication of data, parental choice, and by stakeholders. These multiple methods of accountability, coupled with a board, are common place in the public sector, and not dissimilar to other sectors.

Educational professionals tend to give highest priority to accountability through inspection and publication of data, but the latter is 'after the event' accountability. By the time test/examination results are published that cohort of young people has left the school, for better or worse, whereas the governing body, performing effectively, provides continuous accountability in order to ensure the highest possible outcomes for each cohort.

The governing body has responsibility for ensuring the good conduct and high standards of educational achievement in the school.

### **The purpose of the governing body is to:**

- help the school to set high standards by planning for the school's future and setting targets for school improvement
- keep the pressure up on school improvement
- be a critical friend to the school, offering support and advice
- help the school respond to the needs of parents and the community
- make the school accountable to the public for what it does
- work with the school on planning, developing policies and keeping the school under review
- exercise its responsibilities and powers in partnership with the Headteacher and staff
- not intervene in the day-to-day management of the school unless there are weaknesses in the school, when it then has a duty to take action.

### **The role of the governing body is to:**

- set the strategic direction, vision and ethos of the school;
- monitor and challenge the progress of the school in achieving its priorities;
- recruit and performance manage the Headteacher;
- exercise employer responsibility;
- ensure the school(s) meet its statutory responsibilities
- ensure financial probity;
- ensure the premises are well managed; and
- report to the school's stakeholders.

## The Role of the Chair of Governors

The Chair of Governors is a key leadership role and central to the effectiveness and accountability of the school. The Chair works in partnership with the Headteacher while holding them to account and plays a key role in supporting the wider governing body to reach key strategic decisions.

To be an effective Chair of Governors, you need a good understanding of the role and its responsibilities so that the school gains maximum benefit from the work that you do.

An effective Chair of Governors:

- works with the Headteacher to promote and maintain high standards of educational achievement
- ensures that the governing body sets a clear vision, ethos and strategic direction for the school
- with the governing body holds the Headteacher to account for the educational performance of the school and its pupils, and for the performance management of staff
- ensures oversight of the financial performance of the school and effective use of the school's resources

You also need to ensure that all governors understand the role and responsibilities of the governing body, outlined on pages 9 and 11 – 20.

The Chair of Governors plays a crucial role in setting the culture of the governing body and is first among equals, but has no individual power. The governing body is a corporate entity and its power and authority rest with the governing body as a whole. On occasions, the Chair of Governors may need to act in an emergency, but any such action must be reported to the whole governing body as soon as possible.

The National College for Teaching and Leadership provides a good resource for Chairs of Governors which includes information about the following aspects of the role: Leading Effective Governance, Building the Team and a useful Governor Checklist. This resource and further information about the Chair of Governor role can be accessed via the link below:

## **Code of Conduct for the Local Governing Body**

### **Introduction**

The following is not a definitive statement of responsibilities but is concerned with the common understanding of broad principles by which the Governing Body and individual governors will operate.

**The Governing Body accepts the following principles and procedures: -**

### **General**

1. We have responsibility for determining, monitoring and keeping under review the broad policies, plans and procedures within which the school operates.
2. We recognise that our Headteacher is responsible for the implementation of policy, management of the school and the implementation and operation of the curriculum.
3. We accept that all governors have equal status, and although appointed by different groups (i.e. parents, staff, LA) our overriding concern will be the welfare of the school as a whole.
4. We have no legal authority to act individually, except when the governing body has given us delegated authority to do so.
5. We have a duty to act fairly and without prejudice, and in so far as we have responsibility for staff, we will fulfil all the legal expectations as, or on behalf of, the employer.
6. We will encourage open government and shall be seen to be doing so.
7. We will consider carefully, how our decisions may affect other schools and the wider community.

### **Commitment**

1. We acknowledge that accepting office as a governor involves the commitment of significant amounts of time and energy.
2. We will each involve ourselves actively in the work of the governing body, attend regularly and accept our fair share of responsibilities, including service on committees or working groups.
3. We will get to know the school well and respond to opportunities to involve ourselves in school activities.
4. We will consider seriously our individual and collective needs for training and development.

## **Relationships**

1. We will strive to work as a team.
2. We will seek to develop effective working relationships with our head teacher, staff, parents, the LA, other relevant agencies and the community.

## **Confidentiality**

1. We will observe confidentiality regarding proceedings of the governing body in meetings and from our visits to school as governors.
2. We will observe complete confidentiality when required or asked to do so by the governing body, especially regarding matters concerning individual staff or students.
3. We will exercise the greatest prudence if a discussion of a potentially contentious issue affecting the school arises outside the governing body.

## **Conduct**

1. We will encourage the open expression of views at meetings, but accept collective responsibility for all decisions made by the governing body or its delegated agents. This means we will not speak out *against* decisions, in public or private, outside the governing body.
2. We will only speak or act on behalf of the governing body when we have been specifically authorised to do so.
3. In making or responding to criticism or complaints affecting the school we will follow the procedures established by the governing body.
4. Our visits to school will be undertaken within the framework established by the governing body, in agreement with the head teacher and staff.
5. In discharging our duties we will always be mindful of our responsibility to maintain and develop the ethos and reputation of our school.

## **Suspension**

1. If the need arises to use the sanction of suspending a governor, we will do so by following the Procedures Regulations so as to ensure a fair and objective process.

## **Removal**

1. We recognise that removing a governor from office is a last resort, and that it is the appointing bodies which have the power to remove those they appoint.
2. If the need arises to use the sanction of removing a governor, we will do so by following the Constitution Regulations so as to ensure a fair and objective process.

## Being a Link Governor within the BSJT

All Governors are expected to link with a specific area of the school to enable the Governing Body as a whole to become as informed as possible about all aspects of school life.

The role of a Link Governor should focus primarily on supporting and encouraging that area of the school and being a conduit between the school and the main Governing body for information about the link area.

The purpose of the Link Governor system is *not for Governors to become involved in the day to day running of the school* but is to enable the Governing Body as a whole to get to know the school better and be more engaged with staff and the student body.

Link Governors should:

### During the Autumn Term

- a) Make contact with the link member of staff early on in the Autumn Term to introduce themselves as the Link Governor.
- b) Ensure that the link member of staff is provided with their email contact and request that all minutes of meetings held by the link member of staff are copied to them as the Link Governor so that they can be made aware of developments within the faculty throughout the year.
- c) Ensure that any key events are put in their calendar and prioritise attending as key times to support the school's ongoing development.

### Ongoing Throughout the Year

- d) Encourage members of the school working in the link area appropriately throughout the year as events and special projects take place and achievements made that are worthy of note (e.g. letters of congratulations, cards, emails, personal remarks etc.)
- e) Arrange a subsequent visit to the link area of the school (2 hours maximum) during the spring or summer term as appropriate.
- f) Try to attend any special events organised by the link area of the school as often as possible.
- g) Use their growing knowledge of the link area of the school in discussions at committee level where appropriate.

### Following Specific Visits to the School as a Link Governor

- h) Complete the attached proforma detailing any Link Governor visit to the school as evidence of governor support and challenge to the school as a 'critical friend.'
