Join Our KS2 Community Project Team

As you know one of our core values here at Hartsbourne is Community, and our children are always very quick to step up and volunteer to help both with school led projects and out of school ones.

With this in mind we are setting up a KS2 Community Project Team to work on various things throughout the school year with Miss Allen. Depending on how many children want to get involved we will split them into 'mini groups' based on the needs of the various projects.

Sadly we recently received a voicemail message from a local resident about the amount of crisp packets and sweet wrappers left around the local roads after school pick up each day, and we have definitely found plenty that have been dropped along the zig zag path. With this in mind, our first project will involve taking children out with a couple of adults to collect litter. They will only be out for 10 - 15 minutes at a time and we will aim to take different children each time so that it doesn't impact their learning time.

If your child is interested in joining our KS2 Community Project Team and would like to know more, then please complete this form and Miss Allen will catch up with them about it.

Can you help re-home our chicks?

It's that time of year when we message to see if anyone would like to take on the chicks that have hatched in school once it's time for them to leave us. We do have one parent who may be able to take them, but in case they're not able to we're looking to see if anyone else would be interested. Please let us know if you're able to help.
