

Can you help the aliens from planet Zlonky plan a gourmet journey across their galaxy? They only want to visit planets where the product is greater than 400. Tick the planets they should visit.

The aliens need more of your help to find the codes so they can get into three spaceships. Each spaceship has a clue. Solve them to find the code.

Spaceship 1: 14 less than 342×2

--	--	--

Spaceship 2: 87 more than 131×3

--	--	--

Spaceship 3: Double 101×4

--	--	--
