

# Sports Week

We have been busy organising Sports Week. In order to celebrate the upcoming Women's World Cup, we are theming the week around "Women in Sport". There will be lots of opportunities for children to learn about inspirational women in sport and Skill 7 will be running some workshops with their female coaches for all of the children.

Thursday will be our Sports Day and we will be changing the format to add a bit more of a competitive edge this year. All events will take place on the field and all children will compete in a variety of races and field events to earn points for their houses.

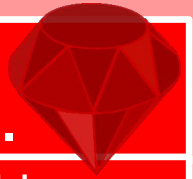

More details and schedule of events will follow but we would like to extend the invitation for parents to join us on the field at 9:00am to 12:15pm on Thursday 29th June. We will have a designated parent space and you are welcome to bring picnic blankets or camping chairs if you would like to make yourselves comfortable.
